# REFORMUK

## NEWS

- Not voting? Think again
- LibDems = Labour = Greens
- Reform UK Deliver Lower Tax Rises
- East Surrey Elections are NOT cancelled!

### Vote Rosie Joynson

Rosie has lived in Bookham since 2007, where she raised her daughter. Widowed in 2016, she understands first-hand the pressures facing working single parents, including the challenges created by the ongoing SEN crisis in Surrey.

Rosie began her career as an archaeologist in London before moving into estate agency, where she has worked for over 20 years in various roles. Her extensive experience in the property sector gives her valuable insight into the housing market and the issues affecting homeowners and renters alike.

Rosie is committed to improving local road safety. The need for more salt boxes on residential roads that are not cleared by snow ploughs, she has also highlighted the urgent need for clearer road markings in Bookham—particularly the need for double yellow lines at residential T-junctions. Another significant concern is the proposed 12-storey tower block development at Bull Hill, a project the Lib Dems are promoting, which will affect Bookham and Fetcham residents by exacerbating congestion on the Leatherhead one-way system.

### Vote Richard Granville

Richard grew up in Worcestershire and moved to Fetcham in 1992. He began his career as a software engineer and later specialised in the assessment of safety-related software, particularly within the aerospace sector. During this period he gained valuable project management experience, which he would be able to apply effectively to local government work. Richard now works part-time as a freelance technical writer for a popular website.

Richard is also concerned about road safety in the centre of Fetcham, particularly at the end of The Street. He believes this could be improved by introducing a short stretch of yellow lines, helping to ease congestion and improve traffic flow in the area. Another issue with Fetcham is the site of the former Tudor Motors garage, which closed ten years ago and is now an eyesore. This area could be usefully developed into a residential/retail unit.

Surrey is currently undergoing a process of local government reorganisation, under which Mole Valley District Council will be dissolved in April 2027 and incorporated into the new unitary East Surrey Council. Preparations for this transition are already under way, and Rosie and Richard would welcome the opportunity to help shape a positive outcome. They are also keen to make a significant contribution once East Surrey Council is fully established.

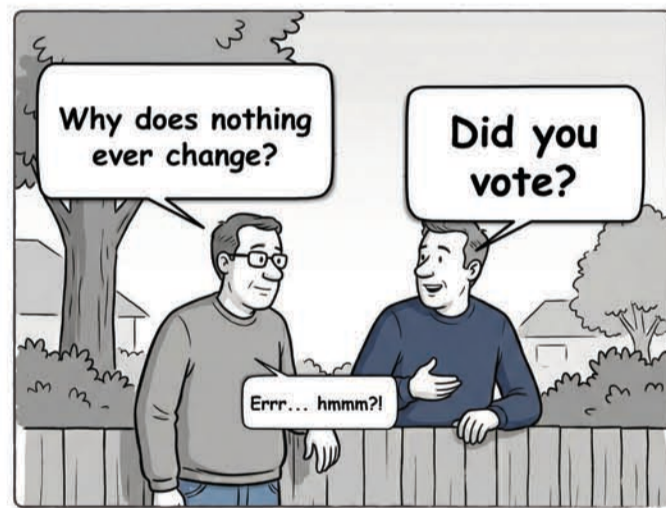

## Sitting out the next election? No point in voting? Think the main parties are the same?

That's what they want you to believe. Voter apathy is engineered. Low turnout means that the big parties ignore you, push through what they want and keep control. Those in power will coast, knowing that people won't fight them if they don't even vote.

Here's the truth:

- Your vote is real leverage. Politicians must listen or lose power.
- Voting moderates extremes, slows down overreach, and allows time for opposition to build.
- High turnout makes politicians respect voters.

The system is cracking. Labour's in free-fall. The Conservatives are over. Reform UK is leading the polls nationally and is poised to reshape British politics. Vote Reform UK to regain control of our borders, our money, NHS and red tape that stifles aspiration. Choose change over the same old, same old.

Vote Reform UK, Turn up, Make them listen, Stick it to them!

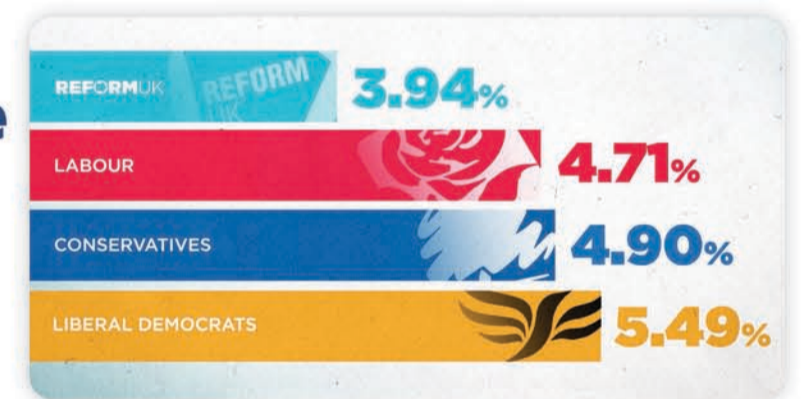

## LibDems = Labour = Greens

If you would never consider voting Labour, why would you vote LibDem or Greens? On all major policies the Parties are identical.

	LIB DEMS	LABOUR	GREENS
Sensibly sized government	No	No	No
Preservation of our culture	No	No	No
Protection of our countryside	No	No	No
Strong borders	No	No	No
Balanced budget	No	No	No
Acting in the national interest	No	No	No
Individual choice	No	No	No
Stopping mass surveillance	No	No	No
Freedom of speech	No	No	No
Gender neutral toilets	Yes	Yes	Yes

## Reform UK councils deliver lowest average tax rises

9 Reform-controlled councils save taxpayers £45m a year off their bills.

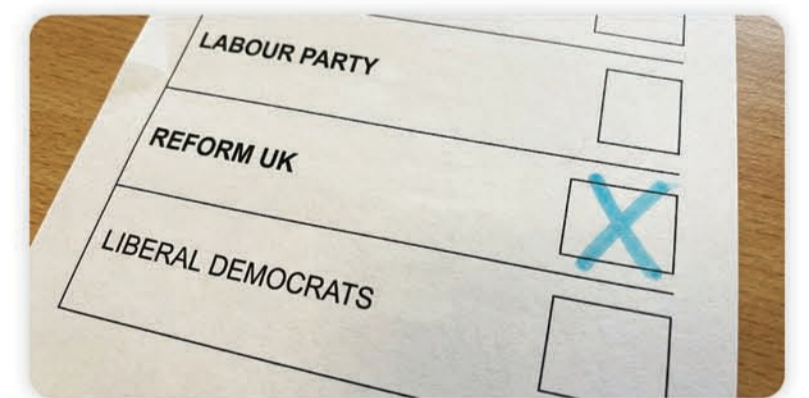

## East Surrey elections are NOT cancelled!

The East Surrey Unitary Authority election in May is an opportunity for you to have your say on local issues. Reform UK are standing for the first time and have the advantage of bringing new thinking and a fresh approach. It won't be easy but we will apply one simple guiding principle to every decision: "Will this benefit most council tax payers?"

It's already clear that we are paying for:

- People in jobs that do not need doing
- Unnecessary projects that have not had a proper cost benefit analysis
- Wokeness that takes up far too much time and money
- Overall poor value for money

Reform UK is committed to more effective and accountable local government that puts residents before the system, fighting waste, defending freedoms and prioritizing your interests in the New East Surrey Council.
